

BWSR Wetland Staff (<https://bwsr.state.mn.us/wetland-conservation-act-contacts>)

BWSR has 10 Wetland Specialists positions which each support different geographical areas across the state. This position exists to provide regional support for, and oversight of local government units, implementing the Wetland Conservation Act, including administrative and technical assistance and training.

BWSR has identified the below Wetland Specialist staff to serve as a points-of-contact for each Tribal Government on wetland related topics/concerns.
